

The America United Pageant is extremely excited to Welcome Your Company to be a visible participant in this exciting and prestigious event. The America United Pageant is one of the fastest growing Multiple Age, Community Service Based National Pageants in America today. Our Service Record Shows Why!

Your Partnership will not only Publicize Your Company Locally and Nationally, but it also helps the AUP provide Women from across the United States with Samples and Information about Your Products, and Services. *Women make 85% of purchases in the US and Our Demographic is a diversity of US women ages 16 to 65 and over that are highly competitive, active in their communities and are proactive in taking care of themselves.*

The America United National Pageant is a Community Service Pageant that Supports Our Military and First Responders. We have Various Contests, Drawings, and Activities throughout the year and Contribute the Proceeds to our Official Charities, Wounded Warrior Project, The Police Memorial and The Firefighters Memorial.

Additionally, The America United Pageant is a certifying organization for the President's Volunteer Service Award. In 2003, the President's Council on Service and Civic Participation founded the President's Volunteer Service Award to recognize the important role of volunteers in America's strength and national identity. Each year our Queens compete for these awards and are presented with the Bronze, Silver or Gold award at the National pageant.

We would be honored to partner with your business and hope that you will consider one of our Partner options below or We can Customize a Partner Package Just for You!
